CAREER HIGHLIGHTS

Principal Product Designer — PegaSystems Waltham, MA
DECEMBER 2025 - PRESENT

- Lead product design for AI-powered Customer Service applications, partnering closely with Product Management and Engineering to define strategy and deliver enterprise-scale experiences.
- Shape product direction through user research, rapid prototyping, and cross-functional collaboration, influencing roadmap and product vision.
- Design scalable interaction patterns and contribute to a modern design system that improves consistency, accessibility, and development efficiency.
- Advocate for thoughtful AI integration by designing experiences that increase trust, transparency, and user control rather than simply automating workflows.
- Mentor designers through design critiques, collaborative workshops, and strategic guidance while helping elevate design quality across teams.

Senior Product Designer — Klaviyo, Boston, MA
APRIL 2022 - AUGUST 2025

- Led product strategy and UX for Klaviyo's email editor, Brand Library, and 2025 BFCM Hub, delivering scalable experiences that increased customer adoption and engagement.
- Designed reusable UI patterns and design system components that improved consistency, accelerated development, and increased design efficiency across products.
- Leveraged AI, user research, and data-driven iteration to inform product decisions and deliver solutions aligned with customer and business goals.

***Senior Product Designer* — Alexion, Boston, MA**

OCTOBER 2021 - APRIL 2022 (Contract role)

- Partnered with cross-functional stakeholders and external agencies to develop and scale brand strategies, aligning design, marketing, and business goals to drive growth and engagement
- Built and maintained a scalable Email Design System (EDS), streamlining UX/UI design-to-development handoff, improving collaboration, and ensuring brand consistency and efficiency across campaigns

***Senior Product Designer* — Newfold Digital - Constant Contact, Waltham, MA**

OCTOBER 2021 - APRIL 2022

- Led UX research and usability testing to uncover customer pain points and enhance the email editor experience, improving workflow efficiency and satisfaction
- Delivered wireframes, prototypes, and high-fidelity UI designs that improved template discovery, editing workflows, and overall usability
- Mentored and coached designers through workshops, design reviews, and contributions to the design
- system, strengthening team collaboration and design consistency

***Senior Product Designer* — Newfold Digital - Website Builder, Waltham, MA**

OCTOBER 2020 - APRIL 2021

- Designed product enhancements that enabled small businesses and service providers to track and book multiple client appointments across one or more time slots, improving workflow efficiency and scheduling flexibility
- Planned, executed, and analyzed user research and usability studies to inform product strategy and guide data-driven design decisions
- Designed and prototyped booking system improvements, leveraging iterative feedback loops, user testing, and rapid prototyping to quickly validate product directions and optimize usability

***Senior Product Designer* — Liberty Mutual, Boston, MA**

FEBRUARY 2020 - OCTOBER 2020

- Created award-winning marketing material, earning the 2020 Platinum Summit Award, and strengthening brand visibility and customer engagement
- Led a cross-functional initiative to improve the design-to-development handoff process, streamlining collaboration between designers and developers and increasing delivery speed and accuracy

***Senior Product Designer* — Constant Contact, Waltham, MA**

JANUARY 2009 - FEBRUARY 2020

- Spearheaded the UX and product design for Constant Contact’s first social media analytics tool, driving insights into customer engagement and adoption
- Designed and developed 300+ responsive, dynamic HTML email templates for a diverse client base, ensuring brand consistency, cross-platform compatibility, and scalable workflows
